Installation

To use the models re-skin with Railworks 2/Train Simulator 2012 you will have to read the manual and follow these instructions in order to see the re-skins in the game. This download requires the Oovee Class 156 Add on pack by available from Steam.

I do not accept responsibility for any damage to your installation or your PC.

How to Install

Unzip the file using an appropriate program. I prefer 7zip, it is free and opens many archived folders. (<http://www.7zip.org/>)

Open the folder in this package named Scot Rail Class 156 and double click on the file **Class 56 scot rail.exe**

v2.0 updated installed to copy shape files.

v1.0 Initial Release
