TS2013

*Marleyman*

*East Coast Class 43 HST*

## East Coast Royal Tour

This pair of scenarios are almost identical with the exception of the players train. In one scenario you drive a Class 67, The Royal Train, and in the other scenario you drive the East Coast Class 43 HST. I have done this for those of you that did not purchase the Diamond Jubilee Class 67 Add on.

### The Scenarios.

#### 1. The City of Perth

#### 2. The Royal Tour

The Queen has visited Perth on the last day of her Diamond Jubilee celebrations in Scotland on 6th July 2012. She has been handed the keys to the newly dedicated city and her Husband, the Duke of Edinburgh, was granted the freedom of Perth. The royal couple then visited the Black Watch Regimental museum. The visit ended with lunch at Scone Palace where Scotland's ancient kings were crowned.

After a long campaign, Perth had its city status restored as part of a Diamond Jubilee contest. The Queen is traditionally in Scotland for Royal Week, but this year it has incorporated celebrations marking her 60 years on the throne.

## The City of Perth

Drive the East Coast Livery Class 43 HST

Perth became Scotland's seventh city after winning a UK competition marking the Queen's Diamond Jubilee. The crowds flocked to the City to see the Queen on her Royal Visit and now it is time to take them all home again on board the East Coast HST. 6th July 2012; The Royal Visit to the City of Perth has now ended. Take the happy public back to Edinburgh aboard the East Coast HST 125 calling at Dundee-Haymarket and Waverley.

## The Royal Tour

Drive the Diamond Jubilee Class 67 Royal Train

6th July 2012; The Royal Visit to the City of Perth has now ended. Take the Queen and Prince Phillip back to Edinburgh aboard the Royal Train.
